Learning Together...Achieving Together!

PE and School Sport Funding

At Woolton Primary School we believe that sport plays a crucial role contributing to the health and well-being of our children. We also believe that Sporting excellence and participation go hand in hand with academic standards.

We have used the Sport Funding to purchase membership of the Liverpool Schools Sports Partnership, which alongside our own school actions has enabled us to strengthen and improve our provision in the following ways:

- To hire specialist PE sports coaches to work alongside our teachers on focus aspects of PE - the focus has been on teaching games in 2024-25
- To support and engage the less active children through additional sports activities with a focus on motivation and encouragement

PE Curriculum

A wide range of activities are delivered in school which aim to engage and inspire all children. We are also committed to ensuring that all children receive high quality well-planned PE lessons and opportunities.

The Wider Curriculum

PE and sport has a high profile in our school and permeates many aspects of school life.

Throughout the year we hold themed activities for example WPS Sports Week June 2021 when children participated in a wide range of activities and enjoyed sessions in new sports activities. We also offer extra opportunities for sporting activities as rewards for 100% attendance and behaviour incentives.

During our residential visits, children are given opportunity to participate in many different activities which may include orienteering and assault courses.

Beyond the School Day

The school is keen to provide a wide range of extra-curricular clubs for children throughout the year which are organised by our teaching staff and/or sports coaches.

Children enjoy the opportunity to work with different teachers and have the chance to try many sports such as Tennis, Football, Multi-skills, Hockey, Cricket, Rounders, Athletics and Cross Country.

We try to cater for all our children's needs and so ask the children which clubs they would like to see included during the year; we also monitor participation and check uptake against gender and free school meals.

We enter a wide range of competitions.

Commitment

WPS is committed to providing an increasing range of opportunities for children to participate in high quality sports games and PE activities.

How we will we make sure the improvements are sustainable.

Improved participation and attainment in PE and sports will be sustained though regular monitoring.

Provision will be reviewed on a termly basis.

Participation levels will be measured annually.

Provision will be monitored for quality and breadth regularly, with reports to governors made annually.

A range of staff will be trained to ensure continuity and breadth of provision.

- The amount of Sports Premium received was £21 240
- A full breakdown of how it has been spent is detailed below.
- The impact of the funding on pupils' participation and attainment in PE and sport
- Details of how the improvements will be sustained
- The percentage of pupils within your year 6 cohort for 2024/25 who met the National Curriculum swimming and water safety requirements is as follows:
- Swim competently, confidently and proficiently over a distance of at least 25 metres -85%
- Use a range of strokes effectively -59%
- Perform safe self-rescue in different water-based situations 85%

608 Children took part in the teaching of games development programme

237 Children took part in the motivation for sport programme

30 Children took part in the Y5 Play Leaders Training Programme
